FYI – not sure what he is looking for but seems he thinks something is happening there. Is this a state issue?

Hi Peter,

My name is Kevin Terpstra, a reporter with ABC 10 in the Upper Peninsula just outside of Marquette. I received your email from your colleague in Chicago, Phillippa Cannon. I'm contacting the EPA because a few years ago there was a county road project in Marquette County that was canceled due to an objection from the EPA. I'm doing a story on that area and when I traveled to the land it looked as if some work was being done. I can't form any conclusions based on what I've seen, and I don't know what is and isn't allowed in terms of developing the land but I do have photos and video I could pass along. I look forward to hearing from you soon.

Thank you,

Kevin Terpstra
